<http://www.lrc.ky.gov/Statcomm/Contracts/homepage.htm>

- PSC's may not extend past the end of the biennium in which they are created unless there is statutory authority to do so; or by an exemption granted by the GCRC.
- PSC's less than \$10,000 are exempt from routine GCRC review but must be filed with them for information purposes.
- PSC's less than \$10,000 must be filed with the GCRC **no more than** thirty (30) days after the effective date.
- PSC's are created as eMARS PON2 documents unless they are exempt from filing with the GCRC.

EO1/Letter of Intent (LOI)

EO1/Letter of Intent – Approval of an EO1/Letter of Intent must be obtained prior to the PSC contracting process.

EO1's for **PSC's less than \$10,000** are reviewed and approved at the agency level.

Agencies shall file a **Letter of Intent (LOI) for PSC's equal to or greater than \$10,000**. Agencies shall use the EO1 document to file the LOI with FAC.

The "Purpose and Justification" field of the LOI must be completed and must contain the following:

- Description of needed service.
- Briefly explain why service cannot reasonable be provided by a state agency or state university.
- Estimate planned amount of work involved.
- Estimate contract cost per fiscal year – including anticipated amendments.
- Identify agency contact person, if other than the requestor on the document.

All required information must be included. If additional space is needed, agency shall include additional information in a Word document attached to the header. Enter as much information as possible in the "Purpose and Justification" field and add, "Additional information attached at the Header."

LOI shall be filed with FAC no less than two (2) weeks prior to the intended RFP issue date.

- Select "Personal Service Contract" from the "type of request" drop down list to route to OPS.

The LOI will be reviewed and final approval given by FAC.

PSC Process Overview

The PSC contracting process begins at the agency level with the creation of a Request for Proposal in the state's electronic procurement system, currently eMARS.

All RFP's for PSC's, including those less than \$10,000, shall be submitted to OPS for review and approval prior to issuance.

All RFP's shall include **Reciprocal Preference** for Kentucky resident bidders and **Preferences for a Qualified bidder or the Department of Corrections, Division of Prison Industries** KRS 45A.490 – 494; KAR 200 5:410.

The RFP shall be submitted at least seven (7) days prior to the intended RFP "Let Date"; with a "close date" a minimum of seven (7) days after the "Let Date."

The Agency shall enter the approved EO1/LOI number in the document comments. **DO NOT** attach the EO1/LOI to the RFP header.

Upon approval by OPS, the RFP will be posted to the Vendor Self Service Website, pursuant to the "Let Date."

Once an agency has completed the RFP process, awarded the contract and obtained required signatures, the agency shall submit the PSC in the state's electronic procurement system. Upon final eMARS approval at the agency level, the PSC enters the Finance and Administration Cabinet, Office of Procurement Services (OPS) worklist.

PSC's are reviewed by OPS to ensure that the using agency follows all policies, procedures and statutes that govern personal service contracts; that the correct procurement type, cited authority

and terms and conditions have been used; and that the PSC has been created correctly in the eMARS system.

Once the review by OPS has been completed and the PSC shown to be in compliance, it is approved and routed to the Finance and Administration Cabinet, Office of the General Counsel (Finance Legal) for review and approval. If the PSC is not in compliance, it is rejected back to the submitter with instructions for correction.

Finance Legal reviews the PSC for accuracy and statutory compliance. If the PSC is shown to be in compliance, it is routed to the Finance Secretary's worklist for review and approval. If the PSC is not in compliance, it is rejected back to the submitter with instructions for correction.

Pursuant to KRS 45A.045(2), "No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general administrative regulations promulgated by the Cabinet". KRS 45A.695 also requires that the Secretary of the Finance Cabinet or his designee has final approval over all Personal Service Contracts and MOAs for the purpose of overriding the committee or declaring an emergency.

Upon review and approval by the Finance Secretary designee, the PSC is routed to the Legislative Research Commission (LRC) Government Contract Review Committee (GCRC) to await consideration pursuant to KRS 45A.705(4) for final review.

If the Finance Secretary designee does not approve the PSC, it is rejected back to the submitter with an explanation for the rejection.

GCRC PSC Process Overview

Upon final FAC approval in eMARS, the PSC is automatically filed with the LRC GCRC via a database interface. PSC's in Final Phase in eMARS by the last business day of the month are placed on the following month's GCRC meeting agenda. The GCRC monthly meetings are typically the second Tuesday of the month, except during the Legislative session when it may be moved due to scheduling conflicts. The meeting time and location is posted on the GCRC website.

PSC's must be filed with the GCRC prior to the effective date. PSC's filed with the committee after the effective date of the contract must have a start date request, approved by the FAC Secretary, or his designee the OPS Executive Director, attached to the eMARS contract header.

GCRC staff may contact the person listed as the contact on the PON to ask questions concerning the PSC or to notify the agency to appear before the GCRC at the monthly meeting.

If the contract is disapproved by the GCRC, all contract activity must stop immediately.

Pursuant to KRS 45A.705, the agency may request the Secretary of the Finance and Administration Cabinet or his designee to determine if the PSC shall:

- (a) Be revised to comply with the objections of the committee;
- (b) Be canceled and, if applicable, payment allowed for services rendered under the contract or amendment; or
- (c) Remain effective as originally approved.

The Secretary of the Finance and Administration Cabinet or his designee shall notify the committee of the action taken within ten (10) days from the date the PSC was reviewed by the committee.

Reduction in Contract Worker Hours

The Kentucky General Assembly may allow for a reduction in contract worker hours in conjunction with a budget balancing measure for some professional and non-professional service contracts. If under such authority the agency is required by Executive Order or otherwise to reduce contract hours, the contract will be reduced by the amount specified in that document.

****Additional information on Contract Workers is located on the eProcurement website at: <http://finance.ky.gov/services/eprocurement/Pages/personalservicecontracts.aspx>***

Registration with the Secretary of State by a Foreign Entity.

An agency, department, office, or political subdivision of the Commonwealth of Kentucky shall not award a state contract to a person that is a foreign entity required by KRS 14A.9-010 to obtain a certificate of authority to transact business in the Commonwealth ("certificate") from the Secretary of State under KRS 14A.9-030 unless the person produces the certificate within fourteen (14) days of the bid or proposal opening. Therefore, foreign entities should submit a copy of their certificate with their solicitation response. If the foreign entity is not required to obtain a certificate as provided in KRS 14A.9-010, the foreign entity should identify the applicable exception in its solicitation response.

If a copy of the certificate or justification for the foreign entity's claim that it is not required to obtain a certificate is not received by the contracting agency within the time frame identified above, the foreign entity's bid shall be deemed non-responsive or the contract shall be cancelled.

Businesses can register with the Secretary of State at <https://secure.kentucky.gov/sos/ftbr/welcome.aspx> .

Invoices for fees:

The contractor shall maintain supporting documents to substantiate invoices and shall furnish same if required by state government.

Pursuant to KRS 45A.695, **no payment shall be made on any personal service contract** unless the individual, firm, partnership, or corporation awarded the personal service contract submits its invoice for payment on a form established by the committee.

***Invoice form is available on the Legislative Research Commission, Government Contract Review Committee website:** <http://www.lrc.ky.gov/Statcomm/Contracts/homepage.htm>

Secretary's Order 11-004

The Finance and Administration Cabinet Secretary's Order 11-004 must be included in the PSC terms and conditions.

PSC Required Attachments

- Approved EO1/LOI is required for any PSC over \$1,000. Must be attached to the header as a pdf.
- EO1 approval is required for PSC's less than \$10,000 and is reviewed and approved at the agency level.
- LOI is required for PSC's equal to or greater than \$10,000 and is reviewed and approved by the Finance and Administration Cabinet.
- Required Affidavit for Bidders or Offerors (signed and notarized). Must be attached to the header as a pdf.

EO1/LOI

Governor Steven L. Beshear issued Executive Order 2008-011 in January 2008 that directed all Cabinets and agencies to implement cost savings measures. The EO1 process was established to implement the Order's provision regarding contracts and purchases.

The Letter of Intent (LOI) process was implemented in February 2011 to ensure PSCs are established only when necessary for services that cannot reasonably be performed by any other state agency or university. The EO1/LOI document is the eMARS form that is used for the review and approval of expenditures.

The approved EO1/LOI must be attached to the header of the eMARS contract document.

Required Affidavit for Bidders or Offerors

Agencies shall attach the signed and notarized Required Affidavit for Bidders or Offerors to the header of all contracts with non-governmental entities submitted for FAC review and approval. Any contract with a non-governmental entity without the required signed and notarized Affidavit attached will be rejected back to draft phase. The Affidavit is available on the FAC website at, <http://finance.ky.gov/services/forms/Pages/default.aspx> and is also located in the Reference Documents of this manual. An [Affidavit FAQ](#) is also located in the Reference Documents..

PSC Template Information

The Office of Procurement Services has created templates to assist agencies in the creation of RFP's and PSC's. These templates must be customized to allow the using agency to include their unique Scope of Work, Requirements, Evaluation Criteria, Proposal Submission Requirements and Agency Contact Information. The templates also incorporate all Required Terms and Conditions and Signature Lines.

The templates are available on the OPS website; and located in the Reference Document Section on pages [42](#) and [59](#) of this manual. The templates are updated periodically. It is the agency's responsibility to ensure they are using the most recent version.

<http://finance.ky.gov/services/eprocurement/Pages/personalservicecontracts.aspx>

Template Instructions

Agencies should save a copy of the template to their local file system and make changes as needed for their RFP's and PSC's. Once the changes are complete, the template must be saved as an .xml document and uploaded into the Terms and Conditions of the eMARS RFP and /or PSC. When uploading the completed templates into the eMARS document, users should select the Free Form attachment type. The completed template should be attached to the document through the Action Menu as a Word Doc 2003 XML. Users will need to be sure that the Blank Free Form document is deleted from the Attachments page after the document is uploaded. Make sure to incorporate your terms by full text so they will assemble into your document properly.

Time Required for PSC Review and Approval Process

The review and approval process can be anywhere from three days to three weeks depending on the time of year. There is a significant increase in the volume of PSC's submitted at the beginning of a new fiscal year and the beginning of a new biennium. Agencies must allow sufficient time in their contracting process for the review and approval process to be completed. April, May and June of each year are particularly busy – agencies should allow up to three weeks for the review and approval process to be completed.

Exceptions to the PSC Process

In some instances an agency may request an exemption from the RFP process (KRS 45A.695). Competitive exemption requests include:

- Sole source;
- Not Practicable or feasible to bid;
- Renewals;
- Time and Balance Extensions

These requests shall be submitted to the FAC on a LOI **regardless of the contract amount.**

The request will be reviewed at the same time as the LOI.

Agencies shall enter exemption request information in the "For Agency Use" field of the LOI. The requests shall include the following information:

- Vendor Name
- Contract Service Dates
- Contract Amount Per fiscal year including anticipated amendments;

- **Sole source** – Justification for the sole source;
- **Not Practicable or Feasible** – Explanation why bidding is not feasible;
- **Renewal** – Current contract number, language from original RFP allowing renewals;*
- **Time and Balance Extension** – Explanation why the contract must be extended beyond the original expiration date.

**** PSC's may ONLY be renewed if a renewal option was provided in the original RFP. Contracts awarded as a Sole Source or Not Practicable or Feasible to Bid may NOT be renewed because an RFP was not issued. A new Sole Source or Not Practicable or Feasible to Bid request is required.***

PSC renewals MUST be completed PRIOR to the expiration date of the existing contract.

Start Date Requests

KRS 45A.695 requires PSC's to be filed with the Government Contract Review Committee prior to the effective date.

Emergency Start Date Requests

There may be emergency situations where a vendor began work prior to the PSC being filed with the GCRC.

KRS 45A.690 - "Governmental emergency" means an unforeseen event or set of circumstances that creates an emergency condition as determined by the committee by promulgation of an administrative regulation;

KRS 45A.095 - An emergency condition is a situation which creates a threat or impending threat to public health, welfare, or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates, or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

In emergency situations where a vendor began work prior to the PSC being filed with the GCRC, the agency is required to request an emergency start date. Emergency start date requests will be reviewed at the same time as the LOI. Agencies shall enter the emergency start date request information in the "For Agency Use" field of the LOI. Requests shall include the following:

- Name of Vendor.
- Contract service dates.
- Contract amount per year including anticipated amendments.
- An explanation as to why the vendor was allowed to provide services prior to the contract being filed with the GCRC.

Retroactive Start Date Requests

In some instances, an agency may have allowed a vendor to begin work prior to the PSC being filed with the LRC GCRC although an emergency situation did not exist. An agency may request a retroactive start date for these types of PSC's; however, the LRC GCRC Committee staff is advised to scrutinize all such requests. Agencies are routinely required to testify before the GCRC regarding the late filing of their contracts. Agencies should make every effort to process contracts in a timely manner in order to eliminate these requests. Requests for Retroactive Start

Dates are processed the same as Emergency Start Date requests, and the same information is required.

If the LOI is approved, and the competitive bidding exemption or start date request is not approved, the agency will be notified to modify the EO1/LOI to remove the request for competitive exemption or start date.

Agencies creating eMARS PON2 documents for which a competitive exemption or start date request was approved by FAC, shall clearly identify the type of request on the PON in the “Detailed Description of Work to be Performed”. The agency shall enter the type of request at the beginning of the field, in all CAPITAL LETTERS.

PSC’s for Legal Services

PSC’s for legal services require approval from the Governor’s Office of Legal Services prior to the issuance of an RFP. The LOI will not be approved if the Governor’s Office of Legal Services approval is not noted in the “Purpose and Justification.” Agencies should also attach documentation of the approval to the header or copy and paste in the document comments.

PSC’s for legal services also require eMARS approval from the Governor’s Office of Legal Services after the Finance Secretary’s approval and prior to filing with the GCRC. Agencies are advised to allow for the extra time in the review and approval process when creating PSC’s for legal services.

The GCRC has established Policy Statement 99-1 to establish the maximum rate paid for legal services. Agencies requesting approval to pay more than the maximum rate must send a written request to the GCRC co-chairs stating the reasons for exceeding the maximum rate schedule.

The request letter will be placed on the agenda for consideration at the next regularly scheduled GCRC meeting. The agency shall appear before the committee to answer any questions or provide additional information regarding the request.

PSC’s for Auditing Services

KRS 45.149 - No budget unit shall enter into any contract with a certified public accountant for an audit unless the Auditor of Public Accounts has declined in writing to perform the audit or has failed to respond within fifteen (15) days of receipt of a written request for an audit. Any contract with a certified public accountant entered into as a result of the Auditor of Public Accounts declining to perform the audit shall specify the following:

- (a) The certified public accountant shall forward a copy of the audit report and management letters to the Auditor of Public Accounts and to the Legislative Research Commission; and,
- (b) The Auditor of Public Accounts shall have the right to review the certified public accountant's work papers.

A letter from the Auditor of Public Accounts declining to perform the audit must be attached to the header of the eMARS PON2.

The GCRC has established Policy Statement 99-5 to establish the maximum rate paid for auditing services. Agencies requesting approval to pay more than the maximum rate must send a written request to the GCRC co-chairs stating the reasons exceeding the maximum rate schedule. The request letter will be placed on the agenda for consideration at the next regularly scheduled GCRC meeting. The agency shall appear before the committee to answer any questions or provide additional information regarding the request.

PSC Modifications

FAP 111-43-00-05

Modification to a Personal Service Contract shall be processed in the same manner as the original contract in the state's procurement system. A modification shall be used if the parties to an established Personal Service Contract agree to increase or decrease funds, revise the scope of work, extend the time for performance within the current biennium, or any other change.

PSC Modifications must follow the same process as the original PSC. The modification is created in eMARS, new signatures are obtained, and the contract submitted in eMARS for review and approval by the Finance and Administration Cabinet and filing with the Government Contract Review Committee.

When processing Modifications, be sure to select the appropriate MOD form as the Default Form on the Header. Selecting the incorrect Default form or leaving the Default Form field blank triggers the automatic assembly of a new form when the final FAC approval is applied.

The Modification must include a brief statement in the Reason for Modification field on the header that describes why the contract is being modified. A statement that the funds are being increased or a reference to a commodity line is not sufficient; you must explain why the contract is being modified.

The Reason for Modification should be brief and clearly stated. The Reason for Modification becomes part of the contract and is reviewed by the GCRC and should provide them with an accurate understanding of the modification. The Reason for Modification is also available to the general public through the "Open Door" website.

Reason for Modification Examples:

Example 1:

Original Contract Amount - \$100,000.00

Amount of Increase - \$50,000.00

New Contract Total - \$150,000.00

Provide additional funding due to increased number of clients seeking services. Original contract amount was based on services provided in previous years.

Example 2:

Extend contract for time and balance only to provide additional time for project completion.

Contract is being extended from 08-30-10 to 09-30-10. No increase or decrease in funds.

PSC Administrative Modifications

Administration modifications are changes that do not affect the PSC. A change in an accounting code is considered an administrative modification. New signatures are not required for administrative modifications and they are not required to go before the GCRC. They must be finalized in eMARS. Administrative Modifications must be clearly identified in the Reason for Modification.

Administrative Modification Reason for Modification Example:

ADMINISTRATIVE MODIFICATION ONLY to correct object code. No increase or decrease in funds. No change in scope.

Vendor Name Changes

When a vendor changes its name, eMARS will not allow the name to be changed on the contract. The existing contract must be terminated and a replacement contract created. The replacement contract amount must be for the remaining balance of the existing contract. The existing contract Reason for Modification must provide an explanation and it must reference the new contract number. The replacement contract must contain an explanation on the Commodity Line Extended Description and it must reference the old contract number.

Example:

Existing Contract – Reason for Modification

PON2 000 10*0000 is being cancelled due to a vendor name change. PON2 000 10*1111 has been created with the correct vendor name for the balance remaining on PON2 000 10*0000 - \$75,000. No change in scope.

Replacement Contract – Commodity Line 1 Extended Description

PON2 000 10*1111 is created to replace PON2 000 10*0000 due to a vendor name change. The contract amount of PON2 000 10*1111 is the balance remaining on PON2 000 10*0000 - \$75,000. No change in scope.

Proof of Necessity (PON)

A Proof of Necessity (PON) statement is required for all PSC's. This document is where the information about the contract is recorded for review by the GCRC. The PON provides the following information about the contract:

- The unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service.
- The total projected cost of the contract or agreement and source of funding.
- Details on payment information.
- Information on other vendors that were considered to provide the services to be rendered and the reason that the vendor being used was selected.
- A description of the services being provided.
- An explanation of the agency monitoring process.

PON Reminders

- **PSC's with competitive bidding exemption or start date requests must identify the type of request in the Description of Work to be Performed. This must be entered at the beginning of the field, in ALL CAPS.**
- Source of funds identified must equal the contract total amount.
- If source of funds is "other", an explanation must be provided.
- Acronyms should be defined on the PON; the GCRC is not familiar with agency acronyms.
- Description of Work should be brief but fully explain the work being performed. Do not copy and paste the entire scope of work here.
- If PSC is for Legal Services, the court case number should be provided in the Description of Work.
- Award justification must be completed.
- EV Document number must be provided (if applicable)

- Agency contact name and telephone number must be provided. This is the name of the person the GCRC staff will contact if the agency is required to appear before the committee. DO NOT put the vendors name and telephone number here.
- If PSC is for Legal or Auditing Services, the hourly rate(s) should be listed in the Detailed Description of Projected Cost.
- If PSC is for Legal Services, the case number should be provided (if applicable)

PSC Negotiations

FAP 111-43-00-01

- c. After determining the best proposal received, the agency may negotiate a fair and reasonable compensation with the selected vendor.

Frequently Asked Questions about Personal Services Contract Negotiations

1. Can the agency negotiate on all Personal Services Contracts (“PSCs”), or only on PSCs generated through a Request for Proposals (“RFP”)?

RESPONSE: All Personal Services Contracts, including sole-source contracts, can theoretically be negotiated, prior to contract signature/award.

2. What are the limitations on the negotiations process itself?

RESPONSE: The agency must negotiate with the best evaluated (highest scoring) vendor first. If negotiations are unsuccessful with that vendor, then the agency may discontinue negotiations with that vendor and move on to the next highest-scoring vendor. However, the agency cannot go back and re-engage in discussions with a vendor with whom negotiations have been discontinued, so this decision should not be taken lightly.

3. Should the agency include the budgeted amount in an RFP?

RESPONSE: **No.** Agencies should not include the budgeted amount in an RFP. KRS 45A.020(2)(f) requires that agencies provide for increased economy in state procurement activities by fostering effective competition. Disclosing the budgeted amount in an RFP upfront defeats the purpose of conducting a competitively negotiated procurement and does not demonstrate good stewardship of taxpayer dollars.

4. What may be discussed with a vendor during negotiations?

RESPONSE: The agency may discuss anything in the RFP or the specific vendor’s response about which it has concerns, but it cannot provide a vendor with information about any other vendor’s proposals. In other words, the agency may generally indicate that other vendors’ have submitted a bid response, but cannot discuss specifics (i.e. how many other vendors bid, the names of the other vendors, or the specific solution or price proposed by another vendor).

5. Do negotiations have to be face-face?

RESPONSE: This depends on the complexity of the items being negotiated. A negotiation may be conducted over the telephone if the agency wishes to do so.

6. What should the agency do if a vendor refuses to negotiate?

RESPONSE: If a vendor refuses to negotiate, then the agency will have to determine whether it is in the best interests of the agency to continue with contract award to that particular vendor; or to discontinue negotiations with that vendor and move to the next.

7. May an agency agree to a price increase during negotiations?

RESPONSE: Generally, no. Typically, the price which a vendor proposes has been considered as part of the evaluation process, and establishes a ceiling for negotiation and not a floor (so price negotiations focus on a reduction in price and not an increase). There are limited exceptions to this, but if this situation occurs; the agency may wish to consult with the Finance and Administration Cabinet's Office of Procurement Services, prior to moving forward with increasing the price during negotiations.

8. For price negotiations, should an agency simply ask a vendor to reduce their price by a certain amount?

RESPONSE: Ideally, the agency should first ask a vendor to propose a lower price and task the vendor with the primary responsibility for coming back to the agency with a proposal for price reduction. However, if this approach is unsatisfactory, or if the agency is in a time-crunch, the agency may simply choose to ask the vendor to reduce their price by a certain amount or percentage.

9. Should the agency attempt to negotiate, even if the highest scoring vendor's response to the solicitation already proposed a price which is within the agency's budget?

RESPONSE: Yes. Simply asking the vendor to come down in price based on reduced agency budgets, etc. may result in cost savings.

10. Certain PSCs, such as legal contracts, have pre-defined rates. Can the agency still negotiate price on such contracts?

RESPONSE: Pre-defined rates are typically "not to exceed" rates, so the agency may choose to negotiate for and pay a lower rate.

GENERAL NEGOTIATION TIPS

- Be willing to negotiate in the first place
- Set realistic goals for yourself
- Don't get emotionally involved
- Don't be rushed into making a decision
- Never be the first person to name a figure
- Don't act too interested (give the impression you're willing to walk away)

Common PSC Mistakes

- Correct cited authority has not been selected on the document header. This must reflect the type of contract being created. The [Procurement Type/Document Code/Cited Authority Information sheet](#) located in the Reference Documents of this manual lists all PON2 and PO2 cited authorities available for use by all state agencies. Agencies creating a Grant Agreement should use the cited authority established specifically for the Grant.
- Correct Default Form has not been selected on the document header. The Default Form must match the Form Selected for the Assembled Document. If they do not match, the system will automatically create a new document to match the selected Default Form when the document goes to Final phase.
- The approved EO1/LOI has not been attached to the PON2 document header. You must attach the approved pdf version of the EO1/LOI. Do not attach a screen shot and do not attach a version that does not show the approval.
- The Required Affidavit for Bidders or Offerors attached to the header has not been notarized. This document must be notarized and if the vendor is out of state, the Notary seal must be on the document.
- The document has not been assembled. PSC's are required to be created in eMARS. The assembled document is the PSC. It must be assembled, printed and signed by the vendor and the agency prior to submission of the electronic version to the FAC.
- Verification of Foreign (out-of-state) corporations' registration with the Secretary of State must be provided. Agencies should enter Vendor's Organization Number issued by the SOS on the PON in the Basis for Selection section.
- The wrong Commodity Code has been selected. Commodity Codes must reflect the service being provided. Agencies are discouraged from using Miscellaneous Professional Services or Miscellaneous Services.
- Service from and Service to dates on multiple commodity lines are different. If the contract contains multiple commodity lines, the service from and service to dates on each line must be for the entire contract period.
- Dates entered on the commodity line cross the biennium. This violates GCRC policy statement 99-4.
- The PON contains acronyms. The GCRC is not familiar with each state agencies acronyms; agencies should not use acronyms unless they have first been defined on the PON.
- PON source of funds is other and no explanation is provided. If the source of funds identified on the PON is "other", an explanation of the source must be provided.
- Contract Cost Information provided on the PON is incomplete. Agencies must provide a description of the contract cost and explain how payments are to be made.
- The Name and Address of other providers considered is not on the PON. This information is required. The Vendor name, city and state are sufficient. If no other vendors were considered, explain why not.

- The Basis for Selection is incomplete. Agencies must explain how the vendor was selected and must provide the RFP number and EV number (if applicable) and Secretary of State Organization number (if applicable).
- The wrong person is listed as the contact on the PON or a reference to “see contract header is entered”. The agency must provide the name and telephone number of the person GCRC staff should contact if the agency is required to appear before the committee.

MOA Process Overview

EO1 – although not part of the MOA, EO1 approval is the first step in the MOA contracting process.

EO1's for MOA's less than \$25,000 are reviewed and approved by the agency.

EO1's for MOA's equal to or greater than \$25,000 are reviewed and approved by the weekly EO1 committee.

The MOA contracting process begins at the agency level with the creation of the MOA in the state'

Once an agency has created the MOA and obtained required signatures, the agency submits the MOA in the state's electronic procurement system, currently eMARS. Upon final eMARS approval at the agency level, the MOA enters the FAC, OPS worklist.

MOA's are reviewed by OPS to ensure that the using agency follows all policies, procedures and statutes that govern memorandum of agreements; that the correct procurement type, cited authority and terms and conditions have been used; and that the MOA has been created correctly in the eMARS system.

Once the review by OPS has been completed and the MOA shown to be in compliance, it is approved and routed to the Finance and Administration Cabinet, Office of the General Counsel (Finance Legal) for review and approval. If the MOA is not in compliance, it is rejected back to the submitter with instructions for correction.

Finance Legal reviews the MOA for accuracy and statutory compliance. If the MOA is shown to be in compliance, it is routed to the Finance Secretary's worklist for review and approval. If the MOA is not in compliance, it is rejected back to the submitter with instructions for correction.

Pursuant to KRS 45A.045(2), "No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general administrative regulations promulgated by the Cabinet". KRS 45A.695 also requires that the Secretary of the Finance Cabinet or his designee has final approval over all Personal Service Contracts and MOAs for the purpose of overriding the committee or declaring an emergency.

Upon review and approval by the Finance Secretary designee, the MOA is routed to the Legislative Research Commission (LRC) Government Contract Review Committee (GCRC) to await consideration pursuant to KRS 45A.705(4) for final review.

If the Finance Secretary designee does not approve the MOA, it is rejected back to the submitter with an explanation for the rejection.

GCRC MOA Process Overview

Upon final FAC approval in eMARS, the MOA is automatically filed with the LRC GCRC via a database interface. MOA's in Final Phase in eMARS by the last business day of the month are placed on the following month's GCRC meeting agenda. The GCRC monthly meetings are typically the second Tuesday of the month, except during the Legislative session when it may be moved due to scheduling conflicts. The meeting time and location is posted on the GCRC website at:

<http://www.lrc.ky.gov/Statcomm/Contracts/homepage.htm>

MOA's must be filed with the GCRC prior to the effective date.

GCRC staff may contact the person listed on the PON to ask questions concerning the MOA or to notify the agency to appear before the GCRC at the monthly meeting.

If the contract is denied by the GCRC, all contract activity must stop immediately.

Pursuant to KRS 45A.705, the agency may request the Secretary of the Finance and Administration Cabinet or his designee to determine if the MOA shall:

- (a) Be revised to comply with the objections of the committee;
- (b) Be canceled and, if applicable, payment allowed for services rendered under the contract or amendment; or
- (c) Remain effective as originally approved.

The Secretary of the Finance and Administration Cabinet or his designee shall notify the committee of the action taken within ten (10) days from the date the MOA was reviewed by the committee.

MOA Terms and Conditions Requirements

****[MOA Standard Terms and Conditions](#) are available in eMARS and in the Reference Documents Section of this manual.***

Terms and Conditions

Pursuant to FAP 111-44-00, the MOA shall include the following:

- All terms and conditions agreed upon;
- The sworn statement regarding campaign finance laws required by KRS 45A.110(2) and 45A.115;
- The statement regarding revealing of violations of and compliance with certain KRS chapters required by KRS 45A.485;
- The Legislative Research Commission (LRC) Proof of Necessity form;
- Language regarding access to documents required by 200 KAR 5:314;
- And language of KRS 45A.695 (7) regarding payments and cancellation clause required by 45A.695 (1).

A MOA with a 501(c) (3) non-profit does not require the same Access to Records clause as a MOA with a public entity. In addition, Secretary's Order 11-004 is required for MOA's with a 501(c) (3) non-profit. MOA boilerplate terms and conditions for both types of MOA's are available in eMARS and in the Reference Documents section of this manual.

In addition to the terms listed in FAP 111-44-00, the MOA shall include the following clauses:

Funding Out Provision:

The state agency may terminate this contract if funds are not appropriated to the contracting agency or are not otherwise available for the purpose of making payments without incurring any obligation for payment after the date of termination, regardless of the terms of the contract. The state agency shall provide the contractor thirty (30) calendar days written notice of termination of the contract.

Reduction in Contract Worker Hours

The Kentucky General Assembly may allow for a reduction in contract worker hours in conjunction with a budget balancing measure for some professional and non-professional service contracts. If under such authority the agency is required by Executive Order or otherwise to reduce contract hours, the contract will be reduced by the amount specified in that document.

**Additional information on Contract Workers at available at the following website:*

<http://finance.ky.gov/services/eprocurement/Pages/default.aspx>

MOA Required Attachments

- Approved EO1 is required for any MOA over \$1,000. Must be attached to the header as a pdf.
- 501 (c) 3 documentation from IRS if contracting with a non-profit on an MOA.
- Required Affidavit for Bidders or Offerors is required if contracting with a 501(c)3.

EO1

Governor Steven L. Beshear issued Executive Order 2008-011 in January 2008 that directed all Cabinets and agencies to implement cost savings measures. The EO1 process has been established to implement the Order's provision regarding contracts and purchases. The EO1 document is the eMARS form that is used for the review and approval of expenditures.

MOA's (including Grants and University Agreements) less than \$25,000 are reviewed and approved at the agency level.

MOA's (including Grants and University Agreements) equal to or greater than \$25,000 are reviewed and approved by the FAC EO1 committee.

The approved EO1 must be attached to the header of the eMARS document.

Time Required for MOA Review and Approval Process

The review and approval process can be anywhere from three days to three weeks depending on the time of year. There is a significant increase in the volume of MOA's submitted at the beginning of a new fiscal year, and the beginning of a new biennium. Agencies must allow sufficient time in their contracting process for the review and approval process to be completed. April, May and June of each year are particularly busy – agencies should allow up to three weeks for the review and approval process to be completed.

MOA Modifications

FAP 111-44-05

Modification to a Memorandum of Agreement shall be processed in the same manner as the original document. A modification shall be used if the parties to an established agreement agree to increase or decrease funds, revise the scope of work, extend the time for performance within the current biennium, or any other change

MOA Modifications must follow the same process as the initial MOA. The modification is created in eMARS, new signatures are obtained, and the contract submitted in eMARS for review and approval by the Finance and Administration Cabinet and filing with the Government Contract Review Committee.

When processing Modifications, be sure to select the appropriate MOD form as the Default Form on the Header. Selecting the incorrect Default form or leaving the Default Form field blank triggers the automatic assembly of a new form when the final FAC approval is applied.

The Modification must include a brief statement in the Reason for Modification field on the header that describes why the contract is being modified. A statement that the funds are being increased or a reference to a commodity line is not sufficient; you must explain why the contract is being modified.

The Reason for Modification should be brief and clearly stated. The Reason for Modification becomes part of the contract and is reviewed by the GCRC and should provide them with an accurate understanding of the modification.

Reason for Modification Examples:

Example 1:

Original Contract Amount - \$100,000.00

Amount of Increase - \$50,000.00

New Contract Total - \$150,000.00

Provide additional funding due to increased number of clients seeking services. Original contract amount was based on services provided in previous years.

Example 2:

Extend contract for time and balance only to provide additional time for project completion. Contract is being extended from 08-30-10 to 09-30-10. No increase or decrease in funds.

MOA Administrative Modifications

Administration modifications are changes that do not affect the MOA. A change in an accounting code is an example of an administrative modification. New signatures are not required for administrative modifications and they are not required to go before the GCRC. They must be finalized in eMARS. Administrative Modifications must be clearly identified in the Reason for Modification.

Administrative Modification Reason for Modification Example:

ADMINISTRATIVE MODIFICATION ONLY to correct object code. No increase or decrease in funds. No change in scope.

Vendor Name Changes

When a vendor changes its name, eMARS will not allow the name to be changed on the contract. The existing contract must be terminated and a replacement contract created. The replacement contract amount must be for the remaining balance of the existing contract.

The existing contract Reason for Modification must provide an explanation and it must reference the new contract number. The replacement contract should contain an explanation on the Commodity Line Extended Description and it must reference the old contract number.

Examples:**Existing Contract – Reason for Modification**

PON2 000 10*0000 is being cancelled due to a vendor name change. PON2 000 10*1111 has been created with the correct vendor name for the balance remaining on PON2 000 10*0000 - \$75,000. No change in scope.

Replacement Contract – Commodity Line 1 Extended Description

PON2 000 10*1111 is created to replace PON2 000 10*0000 due to a vendor name change. The contract amount of PON2 000 10*1111 is the balance remaining on PON2 000 10*0000 - \$75,000. No change in scope.

Proof of Necessity (PON)

A Proof of Necessity (PON) statement is required for all MOA's. This document is where the information about the contract is recorded for review by the GCRC. The PON provides the following information about the contract:

- The unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service.
- The total projected cost of the contract or agreement and source of funding.
- Details on payment information.

- Information on other vendors that were considered to provide the services to be rendered and the reason that the vendor being used was selected.
- A description of the services being provided.
- An explanation of the agency monitoring process.

PON Reminders

- Source of funds identified must equal the contract total amounts.
- If source of funds is “other”, an explanation must be provided.
- Acronyms should be defined on the PON; the GCRC is not familiar with agency acronyms.
- Description of Work should be brief but fully explain the work being performed. Do not copy and paste the entire scope of work here.
- Award justification must be completed.
- Agency contact name and telephone number must be provided. This is the name of the person the GCRC staff will contact if the agency is required to appear before the committee. DO NOT put the vendors name and telephone number here.

Common MOA Mistakes

- Correct cited authority has not been selected on the document header. This must reflect the type of contract being created. The [Procurement Type/Document Code/Cited Authority Information sheet](#) located in the Reference Documents of this manual lists all PON2 and PO2 cited authorities available for use by all state agencies. Agencies creating a Grant Agreement should use the cited authority established specifically for the Grant.
- Correct Default Form has not been selected on the document header. The Default Form must match the Form Selected for the Assembled Document. If they do not match, the system will automatically create a new document to match the selected Default Form when the document goes to Final phase.
- The approved EO1 has not been attached to the document header. You must attach the approved pdf version of the EO1. Do not attach a screen shot and do not attach the version that does not show the approval.
- The document has not been assembled. MOA's are required to be created in eMARS. The assembled document is the MOA. It must be assembled, printed and signed by the vendor and the agency prior to submission of the electronic version to the FAC.
- The wrong Commodity Code has been selected. Commodity Codes must reflect the service being provided. Agencies are discouraged from using Miscellaneous Professional Services or Miscellaneous Services.
- Service from and Service to dates on multiple commodity lines are different. If the contract contains multiple commodity lines, the service from and service to dates must all be for the entire contract period.
- Dates entered on the commodity line cross the biennium. This violates GCRC policy statement 99-4.

- The PON contains acronyms. The GCRC is not familiar with each state agencies acronyms; agencies should not use acronyms unless they have first been defined on the PON.
- PON source of funds is other and no explanation is provided. If the source of funds identified on the PON is "other", an explanation of the source must be provided.
- Contract Cost Information provided on the PON is incomplete. Agencies must provide a description of the contract cost and explain how payments are to be made.
- The Basis for Selection/Reason for Exchange is incomplete. Agencies must explain why the services are being provided by this particular provider.
- The wrong person is listed as the contact on the PON or a reference to "see contract header is entered". The agency must provide the name and telephone number of the person GCRC staff should contact if the agency is required to appear before the committee.

University Agreements

During the 2010 Regular Session, the Kentucky General Assembly enacted HB387 which impacts, among other things, the processing of University Agreements. The exemption to the definition of "memorandum of agreement" in KRS 45A.690(1)(d)(4) has been modified. Now, all agreements with public institutions of higher education where an employee or employees of the institution are performing or will perform duties that an employee or employees of state government could perform if hired are to be established as Memorandum of Agreements that will be filed with the Legislative Research Commission, Government Contract Review Committee.

KRS 45A.690(1)(d)

"Memorandum of agreement" means any memorandum of agreement, memorandum of understanding, program administration contract, interlocal agreement to which the Commonwealth is a party, privatization contract, or similar device relating to services between a state agency and any other governmental body or political subdivision of the Commonwealth or entity qualified as nonprofit under 26 U.S.C. sec. 501(c)(3) not authorized under KRS Chapter 65 that involves an exchange of resources or responsibilities to carry out a governmental function. It includes agreements by regional cooperative organizations formed by local boards of education or other public educational institutions for the purpose of providing professional educational services to the participating organizations and agreements with Kentucky Distinguished Educators pursuant to KRS 158.782. **This definition does not apply to:**

4. Agreements between state agencies and state universities or colleges only when the subject of the agreement does not result in the use of an employee or employees of a state university or college by a state agency to fill a position or perform a duty that an employee or employees of state government could perform if hired, and agreements between state universities or colleges and employers of students in the Commonwealth work-study program sponsored by the Kentucky Higher Education Assistance Authority;

University Exemption Request

If a state agency believes that the Agreement with a public University is still exempt pursuant to KRS 45A.690(1)(d)(4), the agency shall request an exemption from the Secretary of the Finance and Administration Cabinet prior to the execution of the contract by submitting a letter to the Secretary of the Finance and Administration Cabinet designee, the OPS Executive Director, providing detailed justification of the exemption.

The letter should be submitted by email (preferred) or faxed directly to the OPS Professional Services Contract Administrator. If the request is approved, the approval will be returned to the requesting agency. The agency shall attach the approved request letter to the electronic contract in eMARS. The agency contact will be notified if the request is denied.

University Agreement Reminders

- University means a public institution of higher learning, not a private university or college. Contracts between a state agency and private universities or colleges are PSC's.
- University agreements not exempt from the definition of a MOA are created as PON2 MOA's in eMARS.
- University agreements approved by OPS as exempt from the definition of a MOA under KRS 45A.690(1)(d)4 are created as PO2 documents in eMARS.
 - eMARS Procurement type is 14.
 - Cited authority is KRS 45A.690(1)(d)4

- EO1 approval is required for any agreement over \$1,000 and must be attached to the document header.

(8) Any public agency soliciting or advertising for bids for contracts shall make KRS 45A.490 to 45A.494 part of the solicitation or advertisement for bids.

The reciprocal preference as described in KRS 45A.490-494 above shall be applied in accordance with 200 KAR 5:400.

A nonresident bidder shall submit, along with its response, its certificate of authority to transact business in the Commonwealth as filed with the Commonwealth of Kentucky, Secretary of State. The location of the principal office identified therein shall be deemed the state of residency for that bidder. WHEREAS, in order to promote accountability and transparency in governmental operations, the Finance and Administration Cabinet believes that a mechanism should be created which would provide for review and assistance to an Executive Branch agency if said agency cannot obtain access to documents that it deems necessary to conduct a review of the records of a private vendor that holds a contract to provide goods and/or services to the Commonwealth; and

WHEREAS, in order to promote accountability and transparency in governmental operations, the Finance and Administration Cabinet believes that a mechanism should be created which would provide for review and assistance to an Executive Branch agency if said agency cannot obtain access to documents that it deems necessary during the course of an audit, investigation or any other inquiry by an Executive Branch agency that involves the review of documents; and

WHEREAS, KRS 42.014 and KRS 12.270 authorizes the Secretary of the Finance and Administration Cabinet to establish the internal organization and assignment of functions which are not established by statute relating to the Finance and Administration Cabinet; further, KRS Chapter 45A.050 and 45A.230 authorizes the Secretary of the Finance and Administration Cabinet to procure, manage and control all supplies and services that are procured by the Commonwealth and to intervene in controversies among vendors and state agencies; and

NOW, THEREFORE, pursuant to the authority vested in me by KRS 42.014, KRS 12.270, KRS 45A.050, and 45A.230, I, Lori H. Flanery, Secretary of the Finance and Administration Cabinet, do hereby order and direct the following:

- I. Upon the request of an Executive Branch agency, the Finance and Administration Cabinet ("FAC") shall formally review any dispute arising where the agency has requested documents from a private vendor that holds a state contract and the vendor has refused access to said documents under a claim that said documents are not directly pertinent or relevant to the agency's inquiry upon which the document request was predicated.
- II. Upon the request of an Executive Branch agency, the FAC shall formally review any situation where the agency has requested documents that the agency deems necessary to conduct audits, investigations or any other formal inquiry where a dispute has arisen as to what documents are necessary to conclude the inquiry.
- III. Upon receipt of a request by a state agency pursuant to Sections I & II, the FAC shall consider the request from the Executive Branch agency and the position of the vendor or party opposing the

disclosure of the documents, applying any and all relevant law to the facts and circumstances of the matter in controversy. After FAC's review is complete, FAC shall issue a Determination which sets out FAC's position as to what documents and/or records, if any, should be disclosed to the requesting agency. The Determination shall be issued within 30 days of receipt of the request from the agency. This time period may be extended for good cause.

- IV. If the Determination concludes that documents are being wrongfully withheld by the private vendor or other party opposing the disclosure from the state agency, the private vendor shall immediately comply with the FAC's Determination. Should the private vendor or other party refuse to comply with FAC's Determination, then the FAC, in concert with the requesting agency, shall effectuate any and all options that it possesses to obtain the documents in question, including, but not limited to, jointly initiating an action in the appropriate court for relief.
- V. Any provisions of any prior Order that conflicts with the provisions of this Order shall be deemed null and void.

RE: Request for University Exemption for University of Kentucky Internet Services to KET

Dear Secretary Flanery:

Purpose: The Kentucky Authority for Educational Television (KET) requests to enter into an agreement with the University of Kentucky to provide primary internet services to the KET Network Center in Lexington, KY.

Background: Since June 1, 2008, KET's primary internet service has been provided by the University of Kentucky.

Score of Work and Responsibilities: the University of Kentucky provides expressed bandwidth of 50 mbps and includes an additional internet 2 (12) connection of 10 mbps, a redundant secondary internet access, and video conferencing and bridging to the KPEN/KEN statewide network. The agreement with the University of Kentucky also provides for replacement of existing network hardware and connectivity.

Duration of Agreement/Funding: This contract is for the period 7/1/2011 through 6/30/2012. The total of this contract is \$28,517. The funding is 100% General Fund.

Justification: Through discussions with COT, it was determined that establishing a similar service through the state contract with BellSouth was difficult due to KET's Lexington Network Center being services exclusively by Windstream lines. It is considerably more costly for BellSouth, Windstream and Open World to provide the same services offered by the University of Kentucky.

Your favorable consideration of this request is greatly appreciated. Should you need additional information, please contact Kelly Graves at 859-258-7108

Sincerely,

Donna Verhoeven

Frequently Asked Questions about the Required Affidavit for Bidders, Offerors, and Contractors

What must the affidavit be executed for?

- Competitive bids for goods, commodities, non-professional services, or professional services (signed by all bidders).
- Noncompetitively negotiated contracts (i.e. any sole source, not practical or feasible to bid, or emergency contracts) (signed by contractor, since no bid)
- Small purchase awards, to include transactions without a written contract (over \$1000). (If taking quotes, must be signed by awarded contractor only, and notarized.)
- Stand alone payments (PRCs). (Must be signed by the authorized company representative, and notarized.)

All Affidavits must be notarized in all circumstances, as the notary is witnessing the signature of the individual who is swearing under penalty of perjury.

What does the affidavit not have to be executed for?

- Stand-alone payments for GAX, such as utilities, court-ordered payments, postage.
- Procard payments.
- Purchases off Master Agreements (The affidavit will be obtained when MA is established and the agencies do not need to obtain affidavits for each individual purchase off an existing Master Agreement).
- Agreements between governmental agencies.
- Payments for dues, subscriptions.
- TP's for reimbursements to employees.
- Purchases or stand alone payments in amounts less than, or equal to \$1000. Procurement requirements can not be parceled, split, divided, or scheduled over a period of time in order to subvert the intent of this procedure.

Why is FAC making this change?

- The Campaign Finance requirement has been in statute – KRS 45A.110 since 1992. The Finance and Administration Cabinet already requires that this form be signed and notarized for FAC contracts, and our legal office has advised that the form should also be executed for other agency contracts and small purchase as a matter of law.

Does this apply to renewals?

- Yes. When a contract (competitive or non-competitive) is renewed for another term, the affidavit should be re-executed as of the date of renewal.

Does this apply to contract modifications?

- No. The affidavit does not need to be re-executed each time a contract modification is done.

Do we have to modify existing contracts, which do not have the affidavit, just to add the affidavit?

- No. However, as existing contracts are modified for other reasons, the buyers should go ahead and have the vendor execute the affidavit at the same time.

Does the executed affidavit need to be attached to the contract in eMARS?

- PON2s do require it to be attached at the header. For all other eMARS documents, it is not necessary, but would be preferable from an auditing perspective. The agency can choose to just keep the original affidavit on file.

Can we accept an email and/or faxed copy of the affidavit or does it have to be an original?

- We can accept faxes or scanned and emailed affidavits, as long as they have been signed and notarized and as long as it is not for an out-of-state vendor (which requires an actual notary seal).

Are prior arrangements exempt from the affidavit process?

- No – these would not be exempt.

We have been asked by several vendors if the cost of getting the affidavits notarized can be passed along to the state?

- No – it is part of them doing business with the Commonwealth.

If a vendor violates a part of the Affidavit, what action can be taken?

- Action could be taken against a vendor as indicated at the bottom of the affidavit: “failure to accurately disclose such information may result in contract termination, repayment of funds and other available remedies under law.”

Memorandum:

To: Agencies and Entities Filing Contracts with the Government Contract
Review Committee

From: Kim M. Eisner, Committee Staff Administrator
Government Contract Review Committee

Re: Contracts with Foreign (out-of-state) Corporations

Date: June 18, 2010

The Government Contract Review Committee has directed committee staff to inform all agencies and entities filing contracts with the committee that it will not consider any contract between an agency and an out-of-state corporate contractor that is not properly registered with the Kentucky Secretary of State or, if appropriate, the Department of Revenue. Foreign Corporations are required to register with the Secretary of State pursuant to KRS 271B.15-010. That statute states "[a] foreign corporation...shall not transact business in this state until it obtains a certificate of authority from the Secretary of State." The requirements for registration with the Department of Revenue are found at KRS 45A.067.

Up to this point, contracts between agencies and unregistered foreign corporations have been deferred by the committee until such time as the corporate contractor complies with the registration requirements. The committee has indicated that agencies are subject to having their contracts disapproved if their foreign corporate contractors fail to comply after several months of the committee deferrals.

The effect of a deferral means no payments may be made on a contract until such time as the contract is reviewed by the committee. If a contract is disapproved, the contract is cancelled unless the Secretary of the Finance Cabinet overrides the committee's decision.

Agencies and entities are responsible for alerting committee staff of changes to a foreign corporation's registration status. Please direct any questions regarding registration requirements to the Office of the Secretary of State or the Department of Revenue.

Kentucky Preference Laws

The scoring of bids/proposals is subject to **Reciprocal preference for Kentucky resident bidders and Preferences for a Qualified Bidder or the Department of Corrections, Division of Prison Industries.**

Reciprocal preference for Kentucky resident bidders

KRS 45A.490 Definitions for KRS 45A.490 to 45A.494.

As used in KRS 45A.490 to 45A.494:

- (1) "Contract" means any agreement of a public agency, including grants and orders, for the purchase or disposal of supplies, services, construction, or any other item; and
- (2) "Public agency" has the same meaning as in KRS 61.805.

KRS 45A.492 Legislative declarations.

The General Assembly declares:

- (1) A public purpose of the Commonwealth is served by providing preference to Kentucky residents in contracts by public agencies; and
- (2) Providing preference to Kentucky residents equalizes the competition with other states that provide preference to their residents.

KRS 45A.494 Reciprocal preference to be given by public agencies to resident bidders -- List of states -- Administrative regulations.

(1) Prior to a contract being awarded to the lowest responsible and responsive bidder on a contract by a public agency, a resident bidder of the Commonwealth shall be given a preference against a nonresident bidder registered in any state that gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder.

(2) A resident bidder is an individual, partnership, association, corporation, or other business entity that, on the date the contract is first advertised or announced as available for bidding:

- (a) Is authorized to transact business in the Commonwealth; and
- (b) Has for one (1) year prior to and through the date of the advertisement, filed Kentucky corporate income taxes, made payments to the Kentucky unemployment insurance fund established in KRS 341.490, and maintained a Kentucky workers' compensation policy in effect.

(3) A nonresident bidder is an individual, partnership, association, corporation, or other business entity that does not meet the requirements of subsection (2) of this section.

(4) If a procurement determination results in a tie between a resident bidder and a nonresident bidder, preference shall be given to the resident bidder.

(5) This section shall apply to all contracts funded or controlled in whole or in part by a public agency.

(6) The Finance and Administration Cabinet shall maintain a list of states that give to or require a preference for their own resident bidders, including details of the preference given to such bidders, to be used by public agencies in determining resident bidder preferences. The cabinet shall also promulgate administrative regulations in accordance with KRS Chapter 13A establishing the procedure by which the preferences required by this section shall be given.

(7) The preference for resident bidders shall not be given if the preference conflicts with federal law.

(8) Any public agency soliciting or advertising for bids for contracts shall make KRS 45A.490 to 45A.494 part of the solicitation or advertisement for bids.

The reciprocal preference as described in KRS 45A.490-494 above shall be applied in accordance with 200 KAR 5:400.

The BIDDING AGENCY reserves the right to request documentation supporting a bidder's claim of resident bidder status. Failure to provide such documentation upon request shall result in disqualification of the bidder or contract termination.

A nonresident bidder shall submit, along with its response, its certificate of authority to transact business in the Commonwealth as filed with the Commonwealth of Kentucky, Secretary of State. The location of the principal office identified therein shall be deemed the state of residency for that bidder. If the bidder is not required by law to obtain said certificate, the state of residency for that bidder shall be deemed to be that which is identified in its mailing address as provided in its bid.

Preferences for a Qualified Bidder or the Department of Corrections, Division of Prison Industries.

Other than Kentucky Industries for the Blind, a bidder claiming "qualified bidder" status shall submit along with its response to the solicitation a notarized affidavit which affirms that it meets the requirements to be considered a qualified bidder- affidavit form included. If requested, failure to provide documentation to a public agency proving qualified bidder status may result in disqualification of the bidder or contract termination.

45A.695 Personal service contract procedures -- Tax incentive agreements.

(1) Except as provided in subsection (8) of this section, no one shall begin work on a personal service contract entered into by any contracting body or incur expenditures under a tax incentive agreement until notification of the personal service contract or tax incentive agreement is filed with the committee. Each personal service contract shall have a cancellation clause not to exceed thirty (30) days notice to the contractee.

(2) Each personal service contract, tax incentive agreement, and memorandum of agreement shall be filed with the committee prior to the effective date and shall be accompanied by a completed proof of necessity form as established by the committee by promulgation of an administrative regulation, or equivalent information if submitted electronically. The proof of necessity form shall document:

(a) The need for the service or benefit to the Commonwealth of the tax incentive agreement;

(b) For personal service contracts and memoranda of agreement, the unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service;

(c) The total projected cost of the contract or agreement and source of funding;

(d) The total projected duration of the contract or tax incentive agreement;

(e) Payment information, in detail;

(f) In the case of memoranda of agreement or similar device, the reason for exchanging resources or responsibilities; and

(g) Such other information as the committee deems appropriate.

(3) Adequate notice of the need for a personal service contract shall be given by the contracting body through a request for proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, state the relative importance of particular qualifications, and include the reciprocal preference for resident bidders required by KRS 45A.494.

(4) The head of the contracting body or his or her designee may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

(5) Award shall be made to the offeror determined by the head of the contracting body, or his or her designee, to be the best qualified of all offerors based on the evaluation factors set forth in the request for proposals and the negotiation of fair and reasonable compensation. If compensation cannot be agreed upon with the best qualified offeror and if proposals were submitted by one (1) or more other offerors determined to be qualified, negotiations may be conducted with the other offeror or offerors in the order of their respective qualification ranking. In this case, the contract may be awarded to the next best ranked offeror for a fair and reasonable compensation. All determinations of the qualification rankings of offerors by the head of the contracting body or a designee of the officer based on evaluation factors set forth in the request for proposals shall be made in writing. Written documentation shall be maintained concerning the final results of negotiation with each vendor and reasoning as to why each vendor was chosen.

(6) The committee shall maintain a record or have readily accessible records of the date on which each personal service contract, tax incentive agreement, and memorandum of agreement was received and shall maintain or have access to electronic or paper files on all personal service contracts, tax incentive agreements,

and memoranda of agreement. Except for records exempt from inspection under KRS 61.870 to 61.884, all personal service contracts, tax incentive agreements, and memoranda of agreement shall be made available for public inspection.

(7) Payment on personal service contracts, tax incentive agreements, and memoranda of agreement submitted to the committee for approval shall not be made for services rendered or projects undertaken after committee disapproval, unless the decision of the committee is overridden by the secretary of the Finance and Administration Cabinet or agency head, if the agency has been granted delegation authority by the secretary of the Finance and Administration Cabinet. All personal service contracts, tax incentive agreements, and memoranda of agreement shall contain a provision that stipulates that payments on personal service contracts and memoranda of agreement shall not be authorized for services rendered after committee disapproval, unless the decision of the committee is overridden by the secretary of the Finance and Administration Cabinet or agency head, if the agency has been granted delegation authority.

(8) In the event of a governmental emergency as defined under KRS 45A.690, work may begin prior to filing notification of the personal service contract with the committee, if the secretary of the Finance and Administration Cabinet or his designee determines that the time involved in the normal review process would be detrimental to the Commonwealth's ability to act or procure the services and the normal process will not accommodate the governmental emergency. Payment shall not be made until written notification and explanation of the reasons for this action are forwarded to the committee.

(9) If a governmental emergency exists as defined under KRS 45A.690 and work is authorized to begin on a personal service contract immediately, a copy of a statement, approved by the secretary of the Finance and Administration Cabinet or his designee, setting forth in detail the nature of the emergency shall be filed with the committee, along with a copy of the personal service contract.

(10) (a) No payment shall be made on any personal service contract unless the individual, firm, partnership, or corporation awarded the personal service contract submits its invoice for payment on a form established by the committee.

(b) Invoices shall be submitted every ninety (90) days, unless the personal service contract specifies a different submission time period.

(c) Separate invoices shall be submitted for each distinct matter covered by the personal service contract, and shall be signed by the individual responsible for that matter.

2. The date each service was performed;

3. A full description of each service;

4. The name and title of each individual who worked on the matter, and the time the individual spent on the matter;

5. The subject matter and recipient of any correspondence;

6. A full description of any work product produced, designating the way in which the work product is associated with the matter being invoiced;

7. The hourly rate for each individual working on the matter, and the total charge for that individual for each matter invoiced;

8. An itemized list of all disbursements to be reimbursed by the state for each matter invoiced;

9. The total charge for each matter;
 10. The combined total for services and disbursements for the billing period;
 11. The tax identification number of the entity awarded the personal service contract;
and
 12. An indication on each invoice of whether or not the invoice is final.
- (e) The issuance of an invoice to the Commonwealth constitutes an affirmation by the individual, firm, partnership, or corporation awarded the personal service contract that the invoice truly and accurately represents work actually performed and expenses actually incurred.
- (f) The head of the contracting body shall approve the invoice, indicating that the charges in the invoice reflect the value of the work performed, and all recorded costs and disbursements were reasonably and necessarily incurred in connection with the matter invoiced.

200 KAR 5:307. Competitively negotiated contracts.

RELATES TO: KRS 45A.085, 45A.090

STATUTORY AUTHORITY: KRS 45A.035, 45A.085

NECESSITY, FUNCTION, AND CONFORMITY: KRS 45A.035 authorizes the Secretary of the Finance and Administration Cabinet to promulgate administrative regulations for the implementation of the Kentucky Model Procurement Code (KRS Chapter 45A). KRS 45A.085 authorizes the secretary to promulgate administrative regulations concerning contracts awarded by competitive negotiation. This administrative regulation implements the provisions of KRS 45A.085 and 45A.090 relating to competitively negotiated contracts.

Section 1. A contract may be awarded by competitive negotiation if the purchasing officer determines in writing that:

- (1) Due to the complex nature or technical detail of a particular procurement, specifications cannot be fairly and objectively prepared so as to permit competition in the solicitation of sealed bids;
- (2) High technology electronic equipment is available from a limited number of sources of supply and specifications cannot practicably be prepared except by reference to the specifications of the equipment of a single source of supply;
- (3) Solicitation of competitive sealed bids is not practicable; or
- (4) Conditions described in KRS 45A.085(3) or 45A.090(1) exist.

Section 2. (1) If it has been determined that it is not practical to solicit competitive bids as provided in Section 1 of this administrative regulation, except if such determination is based on the existence of the conditions mentioned in KRS 45A.085(3) or 45A.090(1), action to obtain a procurement by competitive negotiations shall commence by solicitation of written proposals in the manner specified by KRS 45A.080(3), 200 KAR 5:306, and 200 KAR 5:307.

- (2) A solicitation of proposals for competitive negotiations shall state:
 - (a) That the purchasing agency proposes to enter into competitive negotiations with responsible offerors;
 - (b) The date, hour and place that written proposals shall be received;
 - (c) The type of procurement involved;
 - (d) A description of the supplies or services sought;
 - (e) Detailed specifications, or the location where detailed specifications may be obtained;
 - (f) The evaluation factors to be considered in determining the proposal most advantageous to the Commonwealth;
 - (g) The proposed method of award of contract;
 - (h) Other information as, in the opinion of the purchasing officer, may be desirable or necessary to reasonably inform potential offerors about the requirements of the procurement or the limits of the competitive negotiations;
 - (i) The existence of a funding limitation, if determined to be in the best interest of the Commonwealth; and
 - (j) The amount of the funding limit, if it is determined by the Director of the Division of Material and Procurement Services or the Director of the Division of Contracting and Administration for procurements undertaken by those divisions that disclosure of the amount of the funding limit will promote competition and will be in the best interest of the Commonwealth.
- (3) If a funding limit has been established, proposals that exceed the funding limit may be rejected.

Section 3. All written proposals received by the purchasing agency in response to a solicitation shall be kept secure and unopened until the date and hour set for opening the proposals. Proposals not clearly marked as such may be opened for identification purposes, and shall be appropriately identified with reference to the particular procurement and resealed until the time for opening proposals.

Section 4. At the close of business on, or at the beginning of the next business day after the date fixed for receiving proposals for competitive negotiations, all proposals received as of the close of business on that date shall be transmitted to the purchasing officer for the procurement for opening. Proposals shall not be subject to public inspection until negotiations between the purchasing agency and all offerors have been concluded and a contract awarded to the responsible offeror submitting the proposal determined by the purchasing officer in writing to be the most advantageous to the Commonwealth, based upon the price and the evaluation factors set forth in the solicitation.

Section 5. (1) The purchasing officer shall examine each written proposal received for general conformity with the terms of the procurement. If it has been provided in the solicitation that an award may be made without written or oral discussions, the purchasing officer may, upon the basis of the written proposals

received, award the contract to the responsible offeror submitting the proposal determined in writing to be the most advantageous to the Commonwealth. If, after the proposals have been examined, it is determined that written or oral discussions should be had with the offerors, the purchasing officer shall determine in writing, based on an individual review, those proposals received that are eligible to be selected for award of a contract. Each responsible offeror that is eligible to be selected for award of a contract shall be contacted by the purchasing officer and a meeting scheduled for discussion of the offeror's proposals. The purchasing officer shall not be required to conduct discussions under the circumstances of or relative to the topics enumerated in KRS 45A.085(6)(a), (b) or (c).

(2) Discussions with offerors shall be held informally and may be conducted orally, in writing, or both, as determined by the purchasing officer to be the most advantageous to the Commonwealth. If, after discussions with all responsible offerors have concluded, or after examination of the written proposals initially submitted, it is determined that no acceptable proposal has been submitted, all proposals may be rejected and, in the discretion of the purchasing officer, new proposals may be solicited as provided in Sections 1 to 4 of this administrative regulation, or the procurement may be abandoned.

(3) Procedures for conducting negotiations and for the manner in which proposals will be evaluated shall be established by the purchasing officer for each procurement and shall be set forth in the request for proposals. The purchasing officer may request offerors to submit written clarification or explanation of their proposals and the proposal of any offeror who fails to respond or to request an extension of time to respond within the time requested, may be rejected.

(4) Proposals shall be evaluated based on factors stated in the request for proposals. Numerical or other appropriate rating systems may be used. All evaluation documentation, scoring, and summary conclusions shall be in writing, and made a part of the file records for the procurement.

(5) The purchasing officer may notify offerors that as of a date stated negotiations shall be closed and further negotiations modifications or clarifications of proposals shall not be received.

Section 6. The purchasing officer shall prepare a written summary of all oral discussions in competitive negotiations setting forth both the dates and the general substance of the discussions. Verbatim records of the discussion shall not be required.

Section 7. If, after solicitation for proposals to enter into competitive negotiations only one (1) proposal responsive to the solicitation is received, the purchasing officer may commence negotiations with the single offeror and any resulting contract entered into with that offeror shall be deemed to have been competitively negotiated and awarded in accordance with KRS 45A.085 and this administrative regulation. The terms and conditions of the contract shall not in any material respect deviate in a manner detrimental to the purchasing agency from the terms and conditions specified in the solicitation for proposals.
